Jaffna Fort : Built 1618 -1625 By Portuguese

Adam's Bridge : 48 km long off the North Western Coast of Sri Lanka

ABOUT TMC

For over a quarter century, TMC has empowered managers and leaders through knowledge exchange and professional networking. Expanding its mission, TMC now facilitates connections between investors and regional opportunities, advancing inclusive growth and sustainable enterprise across Sri Lanka.

NIS 26

NORTHERN INVESTMENT SUMMIT 2026

JAFFNA, SRI LANKA
21ST, 22ND JANUARY 2026

NIS 26 OBJECTIVES

-  **Promote Investment:** Position the Northern Province as an attractive destination for foreign and local investors, highlighting sector-specific opportunities.
-  **Accelerate Regional Growth:** Support national economic priorities while boosting exports, foreign exchange, and sustainable development in the North.
-  **Community Impact:** Improve livelihoods, create jobs, attract youth to stay and build careers locally, and empower women-led enterprises.
-  **Global Engagement:** Strengthen ties with the Sri Lankan diaspora and global partners to accelerate inclusive growth.

BUILDING A RESILIENT, INCLUSIVE, AND **GLOBALLY** **CONNECTED** NORTHERN ECONOMY

Showcase the Northern Province's development masterplan and strategic hubs at KKS, Paranthan, and Maankulam.

Highlight sector-specific investment opportunities spanning Agriculture, Fisheries; Education, Technology; Tourism, Heritage, Retail; Renewable energy. Also Healthcare, SME, and Startups.

Bring together Government institutions both National and local, think tanks, investors, policymakers, diaspora leaders, development agencies, and the private sector to accelerate growth.

Position the North as an innovation driven, investor ready region that balances economic expansion with cultural and environmental sustainability.

**THE NORTHERN INVESTMENT SUMMIT 2026
IS A NATIONAL MILESTONE, A PLATFORM CREATED TO
DRIVE SUSTAINABLE PROGRESS.**

SRI LANKA'S **NORTHERN** GATEWAY TO SOUTH ASIA

Situated just **18 nautical miles** from India, the Northern Province stands at the crossroads of the Indian Ocean's busiest maritime and trade routes. With **Kankesanthurai (KKS) Port**, **Palaly International Airport**, the **A9 Highway**, and the **Mannar Bridge**, the region is emerging as a strategic logistics and investment corridor.

A Rising Economic Frontier

- 1.3 million population with a 93% literacy rate.
- Strong academic backbone through University of Jaffna and University of Vavuniya.
- Growing diaspora presence with global networks across USA, Canada, UK, France, Australia, India-Tamil Nadu, and Europe.
- Expanding SME base, Women & youth among others, innovation hubs and youth-led tech communities.

UNLOCKING **INVESTMENT** FOR A THRIVING NORTHERN ECONOMY

Creating long-term prosperity through jobs, innovation, resilience, and community

IMPACT

Uniting Government National & Regional, Private sector, academia, and diaspora to drive development.

COLLABORATION

INVESTMENT

Directing sustainable capital into key industries to accelerate regional economic growth.

AWARENESS

Showcasing the North's potential to attract national and global investor attention.

THE SUMMIT UNDERSCORES A CLEAR NATIONAL VISION

- 👤 Drive sustainable, long-term economic growth in the Northern Province.
- 👤 Uplift local communities while strengthening Sri Lanka's overall economic resilience.
- 👤 Foster dynamic public-private collaboration.
- 👤 Encourage diaspora-driven participation and knowledge transfer.
- 👤 Promote policy reform and investor friendly governance.

NORTHERN SRI LANKA

A PORTFOLIO OF HIGH-POTENTIAL SECTORS

01

Agriculture & Fisheries

Modernizing traditional strengths with agro-tech, seafood exports, sea cucumber farming, value-addition, cold storage, and precision agriculture.

02

Tourism

Home to iconic Eco-tourism, Birds sanctuary, ADAMS bridge, heritage sites, untouched islands, pristine beaches, and cultural depth with immediate access to the Indian market through air and ferry links.

03

Education & IT

A fast-growing tech corridor powered by an expanding IT hub, strong fiber networks, and university trained talent, with top universities producing skilled graduates who drive opportunities in BPOs, software development, AI, and tourism tech.

04

Energy

One of Sri Lanka's richest solar-wind corridors, supported by large land availability and proximity to proposed cross-border energy exchange points.

Cross Sector Themes
